

THE SYSTEM AND ITS BENEFITS

Every stay. Every handover. In one place.

Bring your portfolio, guest documents, building approvals, reception and turnover into a shared workspace. Keep the next arrival moving with a clear record of who needs to do what.

Actual hosted-system capture, 17 October 2026. Synthetic sample records.

Designed for your operation

For holiday-home operators and short-stay portfolios. Holiday-home workflows, reception, housekeeping, team records and Unified Inbox.

ANNUAL PLAN / Up to 10 units / 24/7 support

Holiday Homes

PRACTICAL VALUE FOR YOUR TEAM

01 One portfolio view

Find buildings, brands and units without switching between spreadsheets.

02 Guest readiness

Keep stay details, document requests and review status together before arrival.

03 Building approval

Record each building's rules and approval process before reception admits a guest.

04 Reception handovers

Give the desk an organised record of arrivals, departures and key handovers.

05 Turnover and team

Connect checkout with housekeeping assignments, inspection and unit readiness.

06 Stay records and inbox

Keep guest conversations, quotations and externally received payment records linked to the stay.

Your connected workflow

Prepare the unit > Review guest documents > Approve and welcome > Check out and prepare again

Scope matters

External booking platforms, payment collection, locks and authority submissions require separate connections or recorded external actions. The browser apps are available online; app-store distribution is a separate scope.

Holiday Homes

ANNUAL SUBSCRIPTION AND 2026 OFFER

50% off your first year

New annual subscriptions agreed by 31 December 2026. The discount covers the first 12 months; the annual rate applies from year two.

Annual subscription rate	AED 3,600.00
2026 first-year discount (50%)	– AED 1,800.00
First-year subscription, excluding VAT	AED 1,800.00
5% VAT on first year	AED 90.00
First-year total, including VAT	AED 1,890.00

From year two: AED 3,600 per year excluding VAT (AED 3,780.00 including VAT).

Included in your annual subscription

Up to 10 units. Standard company/property setup, selected package configuration, an introductory team walkthrough and 24/7 support.

Additional units or buildings, migration, custom development, external subscriptions and integrations require a separate written quote. Support escalation and response targets are confirmed in the service agreement.

How we begin

1. Guided system walkthrough 2. Agree scope and capacity 3. Readiness and acceptance checks 4. Activate the annual subscription.

This is a product and commercial overview, not a signed order. Onboarding is subject to agreed scope, readiness and acceptance. The current hosted demonstration uses sample data; no payment is collected through the marketing pages.
